MESSAGE FROM AMBASSADOR JALIL ABBAS JILANI

This newsletter covers a flurry of activity conducted by the Embassy for the last quarter. The Prime Minister congratulated President-elect Donald Trump on his victory in the US Presidential elections. In a telephonic call marked by cordiality and frankness, both leaders agreed to work together for strengthening bilateral relations. Special Assistant to the Prime Minister Mr. Tariq Fatemi visited the United States and held meetings on the Hill, with the outgoing Administration and the Transition team as part of our outreach to maintain close contact on matters of mutual interest.

In our public diplomacy drive, we organized the inaugural session of 'Pakistan Embassy Forum' with a panel discussion on "Energy Situation in Pakistan". I consider it a singularly significant initiative. The Forum was established to provide a platform for frank discussions on issues of importance to Pakistan. These interactions, under the Chatham House Rule, provide our policy makers insight into different perspectives on important issues and their viable solutions. The outcome of these deliberations will be published as 'Pakistan papers'. As part of this initiative, another seminar on Water issues was organized at the Embassy. This seminar attracted prominent scholars, academia, and officials of the State Department, USAID, World Bank, IMF, IFC and think tanks.

I will be completing my tenure as Ambassador by the end of February 2017. It was an honour and privilege to serve the community and the country as the Ambassador of Pakistan in Washington DC for three years. In these years, I received tremendous support from Pakistani diaspora, from my team in the Embassy, my own government and colleagues in the US government. I owe a debt of profound gratitude to all those who supported me through these years for putting Pakistan-US relations on a positive trajectory despite challenges.

Mr. Aizaz Ahmad Chaudhry, the current Foreign Secretary will succeed me as Ambassador of Pakistan to Washington DC. He is one of the finest officer of Pakistan's Foreign Service. I hope he will receive full support from the diaspora and his colleagues in the new US Government. I wish him the best.

I hope that Pakistan's reinvigorated journey towards progress and prosperity would continue and Pakistan-US relations – entrenched in enhanced people to people contact – would solidify in 2017 and the years ahead.
