INTERACTION WITH US MEDIA

Foreign Minister Mr. Bilawal Bhutto Zardari in an interview with Peter Bergen, CNN:

- The flooding over the summer has caused an estimated \$30 billion in damage.
- “One in seven people, 33 million, are affected. The World Health Organization has warned of a second catastrophe in the form of a health crisis with waterborne diseases. There will also be food insecurity because of the millions of acres of crops destroyed.” [Read Here](#)

Foreign Minister Mr. Bilawal Bhutto Zardari in an interview with VOA

- It is said that in the story of Noah that it rained for 40 days and 40 nights, and I mean that's the sort of scale we are looking at here
- The monsoon rains started in mid-June and continued through August. The powerful floods they triggered displaced millions of people and swept away homes and livelihoods.
